

# THE ENERGY GAME CONCEPT DOCUMENT

Julian Tekstra

## Game summary

The world of professional wrestling is a world of colorful characters, whacky segments and daring stunts. This game puts you in the shoes of a professional wrestler. Forge your career through the choices you make and find out how you will go down in the hall of fame!

## Game outline

Players take control of a professional wrestler with their career ahead of them. Through the choices they make their not only does the career take shape, but so does their wrestler.

At the end, their wrestler will go down in the hall of fame as a specific archetype. These archetypes are the same as the ones in the energy game.

## Theme/Mood

The game will take place in a fictional wrestling promotion, where the player just joined. It will go through a career very quickly. Where a wrestler can stay active for well over a decade, the game will flashforward through a lot of this to deliver a condensed, but still enjoyable experience.

## USP:

- Several different endings to obtain that showcase a lot about you as a person.
- A unique story
